Summary — **Java Full-Stack Developer** with 2+ years of experience in backend development using **Java**, **Spring Boot**, **PostgreSQL**, and frontend work with **Angular**. Proficient in building scalable **REST APIs**, debugging, and database optimization. Recognized for delivering maintainable code and collaborating in Agile teams.

Skills

Languages: Java, Java EE, JavaScript, SQL

Frameworks: Spring Boot, Angular, React.js, Node.js

Tools: Swagger, Git, Docker, Jenkins (familiar), Jira, ELK Stack, JasperReports

Concepts: OOP, SOLID, SDLC, TDD, Design Patterns, DBMS, REST APIs, Microservices, Kafka

Databases: PostgreSQL, MongoDB

Experience

Intellect Design Arena

08/2024 – Present

Associate Consultant— SDE

Noida, India

(Tech: Java, Spring Boot, PostgreSQL, Angular, Swagger, Git, CI/CD, ELK)

- Contributed to the development of **iCPX/iGPX**, a procurement solution for corporate and government clients.
- Decoupled time-consuming tasks using asynchronous processing, which optimized resource utilization and reduced order processing time by **20%**.
- Built and enhanced front-end modules in **Angular** to ensure seamless user experience.
- Reduced system incident recurrence by **25%** through effective root cause analysis.
- Integrated **Swagger** for backend API documentation, cutting onboarding time by **30%**.
- Conducted thorough unit testing, achieving **95%** code coverage.

Esyatech Solutions Pvt. Ltd.

05/2023 – 06/2023

Web Development Intern

Lucknow, India

(Tech: React.js)

- Enhanced the user experience of the **Zixana ERP React application** by designing intuitive interfaces and streamlined workflows, reducing training time by **20%**.

Projects

E-commerce Website

04/2024

(Tech: Node.js, React, MongoDB, Express, JWT, Multer, Stripe)

- Designed and developed a scalable e-commerce platform featuring **secure JWT-based authentication**, **Multer-enabled file uploads**, and **Stripe integration for payment processing**.

Portfolio Website

05/2023

(Tech: React.js, CSS, JavaScript)

- Developed a responsive personal portfolio in **ReactJS** to showcase technical skills and project work.

Awards and Publications

“SPOT” Award, Intellect Design Arena

03/2026

- Commended for excellence in technical problem-solving and the consistent, timely delivery of high-priority project milestones.

“You Did It” Award, Intellect Design Arena

11/2025

- Awarded for delivering critical, bug-free backend features on time and mentoring junior developers.

“You Did It” Award, Intellect Design Arena

04/2025

- Recognized for outstanding performance and contributions to backend development and project delivery.

Website Performance Metrics (Asian Journal of Research in Computer Science)

04/2024

- Published a research paper analyzing **website performance factors** and proposing optimization strategies.

Education

Amity University

09/2020 – 06/2024

Bachelor of Technology, Computer Science and Engineering

CGPA: 8.35/10
